# Climate Change Leadership Program

- The Climate Leadership Program is an annual program of CityNet and partners that aims to increase the capacities of climate change practitioners in the Asia Pacific with the end view of helping them transform their communities while addressing impacts of climate change.
- In 2020, CityNet is co-organizing the CLP Webinar Series with Jakarta Research Council, ICLEI Southeast Asia and East Asia, Beijing ArchiCity Consulting Co. Ltd, CDP, and GrEEEnAcc.
- This activity is a peer-based exchange of best practices of both innovative, international and local climate actions. It provides the regional platform for further knowledge exchanges of practical tools and tried-and-tested processes for the development of sustainable urban solutions to mitigate impacts of climate change.

ARCHICITY

- International city network comprising of city governments, urban stakeholders, and corporate sectors comprise CityNet membership
- 163 members in Asia-Pacific region
  - **107 Cities, 53 Organizations, and 3 Corporate Members**
- CityNet is more than 30 years city network. One of the pioneering city networks for the cities in the Asia-Pacific. CityNet Secretariat is based Seoul. Seoul Metropolitan Government is current President City.
- Core Activities:
  - Provide sustainable learning platform among our members through customized capacity development, localized workshops, city-to-city cooperation, and both regional and local projects with partners;
  - Advocate city-level issues in global-level discussions and influence both global and regional policy deliberations;
  - Implement special projects to help fill gaps to overcoming long-term urban development challenges;
  - Enable policy, technology, and technical knowledge transfers among our members

### How to be a CityNet Member:
