**Dear CityNet Members:**

Re: 2021 Call for Proposals for the Cluster Grant Program

CityNet Secretariat is encouraging cluster leads, co-leads, or members to submit and implement activities through the Cluster Grant Program.

Three (3) proposals will be granted up to 5,000 USD each for a maximum period of six-months. Due to pandemic, we highly encourage our members to conduct their activities online. Project applications must consider their existing national guidelines on COVID-19 prevention measures when implementing face-to-face activities.

It is strongly encouraged that your proposal includes collaborative activities with other cluster members and members of National Chapter, when applicable. The Cluster Grant is an enabling fund that supports your current programs and initiatives through sustainable city-to-city exchanges and knowledge sharing among cluster members and CityNet partners.

Please see attached the guidelines and the applications format.

Deadline for the submission is on March 15, 2021, Monday. Please email the complete proposal at [programs2@citynet-ap.org](mailto:programs2@citynet-ap.org).

For more inquiries, you may email [programs2@citynet-ap.org](mailto:programs2@citynet-ap.org).

Thank you for your continuing support to CityNet.

Sincerely,

  
**Vijay Jagannathan**  
Secretary-General
