2021

Global Smart Solution Report

Eco-Mobility & Eco-Logistics

BACKGROUND

Global and regional leaders from private and public sectors have been working closely to undertake “nationally determined contributions” and establishes mechanisms to achieve the Paris Agreement and SDGs.

To encourage leaders to take more action, ICDI and ICLEI KCC co-launched the first report in 2019. In the following two reports, ECCT-LCI, ITRI, WeGO, CityNet and IGES join us for collecting more smart solution cases.

Framework

2022 Global Smart Solution Report

Foreword

Ch1: Introduction

Ch 2: City Solutions

Ch 3: Local Energy Governance
Rating System

A photograph of a cityscape, likely Sydney, Australia, featuring the Sydney Harbour Bridge and the Sydney Opera House in the background. The foreground shows residential buildings with tiled roofs. A dark green rectangular overlay is positioned in the middle-left of the image, containing the word "FRAMEWORK" in white, uppercase letters.

FRAMEWORK

Topics We'll Cover

Green Investment

Green investment is a broad term closely related to other investment approaches such as socially responsible investing (SRI) and sustainable, long-term investing.

— OECD (2014)

Innovative Technology

New sustainable technologies, autonomous transportation, the IoT, artificial intelligence, and new innovative construction methods are all re-shaping the city.

Topic We'll Cover

Call for City Solutions

HOW

Fill out the Application Form and send it to
RZ@icdi.asia

WHEN

Deadline: 1st September 2021
