

NOMINATION FOR CLUSTER CO- LEAD

SUSTAINABLE
DEVELOPMENT GOALS

PROPOSED BY:

ALL INDIA INSTITUTE OF LOCAL
SELF GOVERNMENT

ORGANIZATION'S PURPOSE TO CITYNET CLUSTERS

Background

- Sustainable Development Goals (SDGs)- blue print to achieve a sustainable future for all
- Localisation of SDGs- Important factor in accelerating the objectives of SDGs
- Wide variation in implementation of SDGs at the city level
- Different needs and priorities of cities – Require different approaches to localising SDGs
- Cities grappling with formulation of plans and its implementation

Purpose

- Build capacity of network members on localizing SDGs in their planning
- Helping network members disseminate the knowledge among non- network members
- Standardize knowledge and planning, implementation and monitoring process through capacity building and knowledge sharing

SPECIFIC CONTRIBUTIONS TO CITYNET CLUSTERS

Events

- Webinars- Interactive approach on SDGs.
- Expand the webinars and seek to include additional topics for discussion and bring in more experts for dialogue.

Publications

- Publications and special issues featuring views from the wide set of cluster and non-cluster member consisting of series of position pieces from network members

SPECIFIC CONTRIBUTIONS TO CITYNET CLUSTERS

Partnerships

- Tie up with international and national partners such as UCLG ASPAC, ECOLISE, C40 and other city-based networks to work on other topics and issues.

Others

17 PARTNERSHIPS FOR THE GOALS

- Introduce more cities to the network
- The organization will connect and facilitate an international e-forum on SDG collaboration between CITYNET members and non-members and will invite more city partners and experts to contribute to it.
- Support the Cluster lead in implementation of activities and providing budget and resources to conduct activities successfully.
