CityNet Director of Programs visited Bangkok and Jakarta

CityNet Director of Programs Youngmin Chang had a chance to visit CityNet Vice President City, Bangkok and Climate Change Cluster Lead, Jakarta. Recent best practices and potential capacity building programmes were among the talking points with the two member cities.

National Chapter proposals submitted

CityNet would like to thank all National Chapters - India, Bangladesh, Nepal, Sri Lanka and Indonesia - for submitting innovative urban project proposals. The five project proposals focused on various sectors; transportation, climate change and disaster risk, road infrastructure, ICT and sustainable welfare development.
