WHAT WE DO

Value
Connect
We bring together local governments, civil society, and the private sector to collectively act for more sustainable cities.

Exchange
We facilitate exchange and learning, and find innovative solutions for urban challenges.

Build
We believe in building a movement for more people-friendly, socially just, ecologically sound, economically productive, culturally vibrant, and globally connected cities.

WHO WE ARE

About Us
CityNet is the largest association of urban stakeholders committed to sustainable development in the Asia-Pacific region. Established in 1987 with the support of UN-Habitat, the Network of Cities has grown to include 154 municipalities, NGOs, private companies, and research centres. We connect actors, exchange knowledge, and build commitment to establish more sustainable and resilient cities.

Through capacity building, city-to-city cooperation, and tangible projects, we help our members respond to climate change, disaster, rising infrastructure demands, and the Sustainable Development Goals (SDGs).

Vision
To connect urban actors and deliver tangible solutions for cities across the Asia-Pacific region.
